SUMMARY

As an Fullstack Developer, I possess the skills to develop end-to-end web applications from concept to implementation. With a combination of full-stack capabilities and practical experience in software development, I deliver innovative and high-performing solutions. My expertise spans across various programming languages and frameworks, along with the ability to adapt to new technologies. I am dedicated to ensuring superior user experiences and achieving business objectives through the development of reliable and manageable applications.

WORK EXPERIENCE / TRAINING

Fullstack Developer, PT Dumbways Teknologies
